The New York State Breast Cancer Support and Education Network (NYSBCSEN) is the only statewide network of community-based, survivor-driven breast cancer organizations in New York. Collectively our member organizations reach over 100,000 New Yorkers each year with essential breast cancer support and education services. NYSBCSEN facilitates member organizations sharing programs and resources, inter-organization referrals for services, public policy updates, and a support and education system for those who are working each day in the fight against breast cancer.

ONGOING PROGRAMS AT OUR LONG ISLAND CANCER HELP & WELLNESS CENTER:

MONTHLY SUPPORT GROUP - Held on the 4th Wednesday of each month, 7 pm - 8:30 pm. Support groups are essential to the emotional foundation of cancer survivors. Both patients and survivors are encouraged to attend to share their thoughts, feelings and concerns with others. In conjunction with the support group, the center offers free chair massage.

YOGA- Tuesday evenings at 5 pm and 6:30 pm. Reduces stress, fatigue, insomnia, eases pain and increases feeling of well-being. All classes incorporate music and imagery to create an environment of relaxation. The course will utilize gentle moving and breathing techniques, allowing participants to achieve a sense of control over their bodies.

CREATIVE HEALING THRU ART - Thursdays, 1:30 pm to 4 pm. Healing Through Art. "Art Therapy helps put the pieces together." Discover the therapeutic benefits of art-making. Enhance your personal wellness through creative self-expression and group dialogue. Each session will have selected relaxation music and begin with a deep breathing session. Notebooks for journaling participant's reaction to their artwork may be used at the end of the session.

REIKI - Various times. Reiki is a holistic healing therapy whereby practitioners channel energy in a particular pattern to heal and harmonize individuals. Reiki focuses on wholeness and stimulates one's total natural healing process ~ physically, mentally and spiritually, thereby creating many beneficial effects that include relaxation and feelings of peace, security and wellbeing. The method seeks to restore order when a body's vital energy has become unbalanced. The practitioner places their hands on or above the individual, allowing the recipient to draw energy as needed through the practitioner to encourage energy flow and healing. Reiki reduces stress, fosters deep relaxation, destroys energy blockages and detoxifies the system. It also works in conjunction with all other medical or therapeutic techniques to relieve side effects and promote recovery.

REFLEXOLOGY - Once a month on the 3rd Wednesday evening of each month. Reflexology is a gentle form of therapeutic treatment applied to the feet. The nerve endings in the feet are stimulated by specific massage techniques to effect changes in another part of the body. Stimulating these nerve endings helps to promote relaxation, improve circulation, stimulate vital organs in the body and encourage the body's natural healing processes. Reflexology is considered to be a holistic healing technique that aims to treat the individual as a whole, in order to induce a state of balance and harmony in the body, mind and spirit, and therefore promote good health.

CREATIVE WRITING - 4th Wednesday of each month at 6 pm. Join us for another road to healing through the written word. Creative writing classes give survivors a "voice" once again. It allows one to get negative emotions out, write them down and distance themselves enough to examine how they really feel and gain perspective on issues.

STRENGTH FOR LIFE EXERCISE PROGRAM - Call to reserve a spot. Strength for Life, a non-profit organization, will be offering free exercise classes at our Center. This is a commitment of 8 weeks. The course is given by Debbie Hughes, a Certified Exercise Instructor. All equipment, including exercise balls, tubing and mats will be provided for each participant to use and keep at the conclusion.

ZUMBA GOLD --Call to reserve a spot. This program improves balance, flexibility and cardiovascular strength. Zumba Gold is a beginner's level of aerobic dance and exercise. Enjoy rhythms such as Merengue, Salsa, Cumbia, Belly Dance and Cha Cha!

Established in 1994, we are a 501(c)(3) organization and we have endeavored to meet the needs of our community through outreach at health fairs, churches, libraries, and the post office as well as other community events. The Brentwood / Bay Shore community is a virtual microcosm of the world whose cultural and economic diversity creates many special needs.

The necessity for education concerning health and especially breast health is paramount. The community contains a large number of Hispanic and Latino people who traditionally do not seek outside information regarding health matters. Many people in our community have a cultural barrier to

speaking about health issues outside of the home. Our outreach programs and Spanish language support group helps to meet these needs. We have a Spanish language hotline and conduct a Spanish language support group the last Friday of every month. For information call 631.951.6908.

The Brentwood / Bay Shore Breast Cancer Coalition is dedicated to maintaining breast health using a grassroots approach to raise individual and community awareness by positive actions. We focus on the causes of breast cancer, the need for prevention, monitoring, informed treatment and accessibility of health care. To that end we endeavor to serve our community with support groups and assistance to survivors and their families who are under-insured or uninsured as well as assisting those who are unable to work during treatment by providing temporary assistance and support to pay for medical bills, assist with housing costs, utilities and provide food vouchers. Our purpose is to help bring support and needed relief from the stress of dealing with a positive diagnosis.

Our regular monthly board meetings are held in English the first Thursday of every month.

Please call 631.273.9252 for further information.

ONGOING PROGRAMS AND SERVICES:

Cancer Support Group- Tuesdays 11:15 am-12:15 pm

Facilitator: Jill Alper, MSW, CSW

Ongoing group. For those in need of support for all cancer-related illnesses. Group members of different ages and with different types of cancer come together each week to support one another.

Newly Diagnosed Breast Cancer Support (in treatment)-Tuesday 12:30-1:30

Facilitator: Jill Alper, MSW, CSW

For those recently diagnosed with breast cancer.

Thriving Through and Beyond Cancer-Tuesdays & Wednesdays

Facilitator: Dr. Ronald I Cohen, Psy. D.

Dr. Cohen specializes in Psychotherapeutic Oncology. Utilizing the myriad of emotions as a pathway, the group will seek to: Use critical emotional roads to transition a family break down into a break through. Avoid denying or minimizing anger, fear, and obsession and actually incorporating discomfort to reach new opportunities. Use our misfortune into an actual stimulation to grow and regenerate new solutions as a couple or family.

Discussions- Wednesdays 1:00-2:30 pm

Facilitator: Geri Barish

An informal, ongoing chat for people whose lives have been touched by cancer.

Cancer Support Group for Bilateral Surgery- Wednesdays 5:30-6:30 pm

Adolescent Support & Mentoring- By appointment

Facilitator: Marlene Natale, NYS Certification in Guidance & Counseling.

For those adolescents whose lives have been touched by cancer-related illnesses.

What is Spiritual Direction? -By Appointment

Facilitator: Charlie Roemer

Spiritual direction has no agenda; it's not therapy and not about religious doctrine or training. We reflect on where we might see or feel the presence of the divine in our lives. It's understood that one person's answers may or may not be similar to another's, and that's OK

Yoga/Stress Reduction- Mondays 1:30-2:30 pm.

Facilitator: Charles Roemer

No need to be flexible, strong, or even ambulatory to participate. For all cancer-related illness.

Decoupage Art Class- Tuesdays 1:00-2:30 pm

Facilitator: Sharon Gross

The art of *decoupage under glass* is in reformatting paper images to create something else. A single image formatted to a specified size or a collage of cut and layered images arranged for a desired effect - the end result uninhibited artistry.

Reiki Clinic- By appointment

Facilitator: Donna Miller-Small, Master Teacher & Practitioner.

Learn about and experience this simple healing technique. For all cancer-related illness.

Crochet Class- Thursdays 11:00 am-1:00 pm

Instructor: Sharon Barrett

Learn to crochet or expand your crocheting skills. The group is designed to help cancer patients draw strength from each other and enjoy togetherness in this circle of friendship.

Four Weeks to a Healthier You- Thursdays 2:30-4:00 pm

Series on Nutrition by Donna Miller-Small, Reiki Master Teacher & Practitioner.

You will learn which foods to include and avoid, secrets of label reading, delicious simple recipes, how to shop. Gain increased confidence & self esteem from taking control of your diet.
